BESPOKE CHILDCARE AND FAMILY EVENTS

Completely Mrs. Doubtfire

Our Completely Mrs. Doubtfire engages and entertains with activities, endless toys and games to suit all ages. We keep the children happy and active prior to the wedding ceremony, during the wedding breakfast and right through to the end of the evening reception.

Perfect for...

keeping younger guests happy and parents who would like child supervision and entertainment at any point of the wedding.

Sleepover with Nanny McPhee

For those not staying over, we will provide a fun 'sleepover' experience with blankets, movies and quiet activities. Just bring their PJs and we will pack the snuggly blankets. If the children fancy a spin on the dance floor with their family, they can simply return once they're all twirled out.

Perfect for...

parents who wish to enjoy the evening of the event, while ensuring their children are happy and entertained.

Since 2006 we have sprinkled event childcare with fun and laughter, with a fabulous team whose extensive knowledge and expertise make the day and play magical.

Exclusively Mary Poppins

While the bride and her bridesmaids sip Champagne, share the moment and create the memories we take care of everything, from the snacks and naps, to the frocks and games. During the day we will be there to rescue restless little ones and achieve the smiles required for the photographs so everyone can enjoy the moment.

Perfect for...

that extra pair of hands needed by the bridal party, tending to a small group of children with one or two team members, ensuring your children remain immersed in the day.

We ensure each child is as much a part of your day or evening as you wish and our exceptional standards are the reason parents entrust their children to us.

Night, Night Tinkerbell

Kiss them goodnight, tuck them in and then enjoy your evening. Story read, teeth brushed, cosy PJs on, we will babysit for you as long as you need us. This can include all night through, dressing your children so they are ready for breakfast the next morning, should you wish.

Perfect for...

sleepyheads who are ready for bed when the parents are attending an event or enjoying a weekend away.

Corporate and Private Event Creation

Organising the perfect event to include all ages can be demanding, our event services are here to ensure that everyone can relax and enjoy the day.

Our event planning and management services include hosting, catering and entertainment, leaving you free to have fun with your little ones, family, friends and work colleagues. We complement the occasion with unique entertainment solutions, out of the box ideas and our team will handle everything with an experienced and professional approach to help you create the perfect event.

-BOUTIQUE-
BOOTHS

Capture the moment in our Story Box

Boutique Booths is the UK's premier luxury full length photo booth for weddings and events, offering much more than a regular photo booth. It provides a unique and fun entertainment experience, with so much space for the children to let their imaginations run wild, with our range of magical costumes, fabulous props and numerous toys to create those memories that are with you long after the celebrations have ended.
