### Sleepover with Nanny McPhee

For those not staying over, we will provide a fun 'sleepover' experience with blankets, movies and quiet activities. Just bring their PJs and we will pack the snuggly blankets. If the children fancy a spin on the dance floor with their family, they can simply return once they're all twirled out.

### Exclusively Mary Poppins

While the bride and her bridesmaids sip Champagne, share the moment and create the memories we take care of everything, from the snacks and naps, to the frocks and games. During the day we will be there to rescue restless little ones and achieve the smiles required for the photographs so everyone can enjoy the moment.
